

# NLRB & Union Petition Update

**Sysco Allentown Team,**

We want to keep you updated on the union petition process. This week, we were informed that legal briefs related to the Teamsters' request to represent our drivers are due by **Thursday, June 26**. After that, the **National Labor Relations Board** will review the information and make a decision—either to dismiss the petition or to schedule a **secret ballot election**.

We understand this process may be frustrating or cause uncertainty for you and your families. Unfortunately, as we've seen at other Sysco locations, these matters can take **months or even years** to resolve.

During this time, we ask everyone to continue treating each other with **respect**. Whether you support or oppose the union, you have a **federally protected right** to your opinion. **Harassment or threats of any kind will not be tolerated**.

We'll keep you informed as things move forward. If you have questions, please reach out to your **supervisor or any member of the leadership team**.

Thank you for everything you do. Stay safe!

**– Slavic**
