

# Who would represent you?

**If Local 773 gets voted in here,**

- Who would run the union?
- Who would be stewards, union officers, and bargaining committee members?
- Who would handle your job-related concerns?

***Look around and see who is most actively pushing the union!***

- Are these people you trust with your job and security of your family?
- Is this who you want to take your work-related issues to and speak for you?
- Are they *really* interested in you, or do they want special favors from the union?

**If you can speak for yourself and handle your concerns, you don't need a union!**
